

TEEN POP/ROCK ON CAMERA PROGRAM

PACKAGE OPTIONS

ABOUT THE TEEN POP/ROCK ON CAMERA PROGRAM:

In June of 2019, Sheri piloted a class in auditioning for Pop/Rock Musicals for On Camera Auditions in her private online training program. When NYC was forced into quarantine, she moved her pop/rock semesters at NYU Steinhardt and Manhattan School of Music online and began staging and shooting pop/rock audition videos for Musical Theatre in peoples homes. If you follow her on [@rocktheaudition](#) on Insta, you'll see what a huge, liberating success it's been, and will continue to be for the entire musical theatre community (as we move to an almost entirely digital audition platform), even after we get to be in the theatre again.

WHAT DO YOU GET TO PREPARE WITH?

We currently offer 3 different packages for this program. Resources in each package contain:
